RSO, State.

REASON: 1.4 (b), (c), (d)

11. (S//NF) RSO Peshawar is requesting immediate deployment of a Security Support Team (SST) from DS/T/MSD and immediate deployment of additional conventional TDY RSO support in response to the significantly elevated recent attacks and specific threat reporting targeting Consulate personnel in Peshawar. The RSO resources currently in place are inadequate to counter the threats posed to Post personnel during this critical threat climate. The requested DS assets will augment protective security operations, reactionary force, emergency action planning and extensive security/investigative responsibilities that is currently taxing RSO Peshawar .
